## Notes to Parents:

Thank you for initialing the homework papers in the upper right corner. Please check over your child's work before you initial it. Please sit with your child or be very nearby so that you can give them the correct directions. This early in the year they are not able to read the directions on their papers without your help. They are all working so hard and doing so well. We are blessed to be called to teach them!

We are still in need of reading group helpers and substitute helpers for both classes. Please let us know if you can help out. Thank you. ☺

This will be cricket and dragonfly week in our Insect Unit study. We are enjoying getting to know all of God's amazing insects.
